Do Re Mi, Sing with Me - Happy Time

Learning Tools

JIGSAW PUZZLE

Jigsaw Puzzles help children develop finger strength, perseverance and problem-solving skills.

Match and Learn Puzzle Pairs

Improving children's logical thinking skills through activities that will require them to analyse and observe

My First Jigsaw Puzzles

Improving vocabulary: 48 puzzles under 6 different themes, with each puzzle exposing children to useful words:-

1. Animals
2. Vehicles
3. Sea World
4. Bugs
5. At Home
6. Fruits and Vegetables

Improves vocabulary

Encourages concentration and trains memory

Improves fine motor skills and eye-hand coordination

Step by Step Puzzles

These puzzles are prepared based on each level of difficulty and age. There is a total of 5 levels, and the number of pieces for each puzzle increases as the children progress accordingly (from a total of 2 pieces to 96 pieces).

All-time favourite dinosaurs are printed in vivid 3D images.

Dinosaur Puzzles

Explore the world of dinosaurs up-close by spelling their names & sticking the colourful stickers.

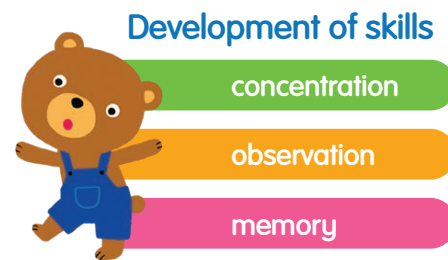

Bonus!
20 colorful dinosaur stickers!

MATHS FLIP-FLOP

7 levels of Maths Flip-Flop Cards for the children ages from 4-11. Each level come with more than 100 mind-boggling number, shape, measurement and real life mathematics problems that are both fun and challenging for young students to play.

BRAIN GAME

The Brain game requires children to observe each picture within a short period of time, and then choose a question to answer. By doing so, children will find the game both exciting and challenging. Includes simple-to-answer questions that make the game lively and interactive, while developing children's logical thinking skills and language skills. The game promotes parent-child interaction and strengthens family bonds.

SCIENCE STORY BOOKS

Hello Animals

A first science storybook for young, curious minds!

Interesting facts about animals are now presented to young readers aged 4 and up in these charming, easy-to-read stories. Besides getting to know more about the animal world, children will also learn positive values, such as being hardworking and responsible.

The illustrations are brightly coloured too, so children will not want to put these books down...unless they really have to!

Animal Story World Protect Them

This series is specially created to raise awareness in little children about animals that are endangered. Having knowledge about them is the first step towards saving them. As children grow up, they will understand the need to help protect these animals. The captivating illustrations and engaging text will make this series an interesting read.

BOARD BOOKS

My First Touch-and-Feel Lift-the-Flap Book

Let children's little fingers touch and feel the various textures as they lift flaps and learn about the world around them in a fun and proactive way.

My First Board books

Funny Face Series

The books in this series teach children about times of the day, the different tastes, the different emotions and the excitement of awaiting the arrival of a new life. Through the books, children will also learn important values such as being responsible for oneself, being considerate, as well as sharing and caring for others.

With a flip of a page,
the adorable little face changes!

Turn the page and see
what happens to the sleepy face.

Kitten is now
brushing his teeth.

- Develops observation skills and improves concentration through the different facial expressions
- Charming contents that help children develop emotional intelligence
- Easy-to-flip pages; it is amazing to see the faces change!
- Introduction to early language skills
- Fun-to-read text and eye-catching images increase parent-child interaction

Pop-up Adventures Series

The exciting pop-ups in this series will motivate kids to discover the world around them. The pop-ups will also promote imagination in a fun way!

Seven 3D scenes
that pop up
as you flip the pages
